Angeles,

I wanted to comment on something I think is going well.

It looks like Dante and CB&I are providing helpful support in addressing all the comments on the Proposed Plan.

I wanted to say thank you to you and your team on this.

(By the way, Jeff and I think the longer version of the glossary is helpful but we are not tied to it if EPA wants to go with the shorter version.)

Greg

Attached drafts of two versions of PP acronym list and glossary. I prefer the shorter version. Thoughts? This decision will help finalize draft 3 for review and comments.

Thanks,
Jeryl

Dante,

Attached is the list of proposed acronyms and abbreviations, along with a long and condensed version of a glossary. The long version contains a description of all the bold terms from the Draft 2 Proposed Plan, and the condensed version is a one page glossary of a select number of the bold terms. Please let me know if you have any questions.

David
